

Provider Enrollment Portal Rebaseline

New project start date is October 25,2024.

Louisiana Medicaid will launch its Medicaid Provider Enrollment Rebaseline, at the end of October 2024 with rebaselines for new providers occurring every two months thereafter.

Rebaseline means new managed care organization (MCO) credentialed providers that have not enrolled with Louisiana Medicaid will receive an invitation letter to enroll through the web portal. The invitation letter will provide specific provider information along with detailed instructions needed for the enrollment process.

Providers that receive an enrollment invitation letter must enroll with Louisiana Medicaid to avoid impacts to claims processing. This includes admitting, ordering, referring and prescribing providers and out of state providers that have billed Louisiana Medicaid.

Providers with multiple provider types must complete an enrollment for each type.

Providers will have 120 days to complete an enrollment and must allow several weeks for application processing. Providers that have not completed enrollment within 120 days of receiving the enrollment invitation letter will result in denied claims and deactivation from the Louisiana Medicaid program.

Providers that are unsure of their enrollment status or that want to check the status of their application may use the Provider Portal Enrollment Lookup Tool at <https://www.lamedicaid.com/portalenrollmentstatus/search>. Results will show the provider's status as either enrollment complete, action required, application not submitted or currently in process by Gainwell Technologies. Providers that are not shown in the results are not currently required to enroll. Invitation letters for those providers will be sent later.
