

Certification of Ambulance Transportation (CAT) Form Revision

UnitedHealthcare Community Plan of Louisiana is sharing [Informational Bulletin 24-38: Certification of Ambulance Transportation \(CAT\) Form Revision](#) on behalf The Louisiana Department of Health's (LDH). LDH has revised the Certification of Ambulance Transportation (CAT) form for non-emergency ambulance transportation (NEAT) services. The updated form now collects all necessary information for both Medicare and Medicaid, allowing providers to use a single form for both programs.

Providers can use either the old CAT form dated June 4, 2021, or the new form dated October 1, 2024 for NEAT claims with service dates before January 1, 2025. Starting January 1, 2025, Medicaid will deny claims submitted with the old form for services on or after this date. The revised CAT form is available on the LDH Medical Transportation webpage.
