

Additional Third-Party Liability Carrier Code Updates

UnitedHealthcare Community Plan of Louisiana is sharing [IB 25-16: Additional Third- Party Liability Carrier Code Updates](#) on behalf of the Louisiana Department of Health (LDH). LDH is continuing its efforts to consolidate duplicate insurance carrier names and codes. This initiative helps providers use the correct carrier code for reporting and submitting claims.

As of January 1, 2024, Peoples Health has officially transitioned into the UHC platform. Providers must now use UHC's systems for eligibility, benefits, claims, and authorizations for services rendered on or after that date.

The carrier code for "UHC Medicare Advantage (H39210)" has been updated to "UHC Medicare Advantage, including Peoples Health (H39210)."

For non-Medicare Advantage UHC plans, providers should continue using code 433100.

The following codes have been retired and should no longer be used:

- 185100
- 433000
- H50260

As part of this project, LDH is also consolidating the following duplicate carrier records:

Aetna:

- Aetna Life and Casualty (082800) will be renamed to Aetna and will be the default carrier moving forward.
- Aetna (105000) will be deactivated.

Wellcare:

- Wellcare (H19030) will be the default carrier moving forward.
- Wellcare of Louisiana (328300) will be deactivated.

Please see the chart below of consolidated duplicate carrier changes. The consolidations above were implemented between April 21, 2025 and May 1, 2025.
