## FLORIDA MEDICAID PRIOR AUTHORIZATION

## **Antidepressant < 6 years**

Note: Form must be completed in full.

#### **Review Criteria:**

- The most current antidepressant prior authorization request form is required for review.
- All relevant sections of the antidepressant prior authorization form must be complete.
- The evaluation and progress notes must document target symptoms and behaviors.

#### **Clinical Notes:**

- Psychosocial treatments (e.g., dyadic therapy) must precede the use of psychotherapeutic medications and should continue if medications are prescribed.
- Risks and benefits should be carefully considered before prescribing an antidepressant.
- When discontinuing antidepressant medication prescribed for depression or anxiety, gradually taper down the dose to prevent discontinuation syndrome.

## Calculation of BMI and BMI Percentile:

The Centers for Disease Control and Prevention (CDC) provides a **BMI Calculator for Children and Teens** that may be accessed at the following link: <a href="https://www.cdc.gov/healthyweight/bmi/calculator.html">https://www.cdc.gov/healthyweight/bmi/calculator.html</a>

## Florida Medicaid Clinical Guidelines:

Access the following guidelines at <a href="http://floridabhcenter.org/index.html">http://floridabhcenter.org/index.html</a>

- Principles of Practice Regarding the Use of Psychotropic Medication in Children Under Age 6
- Florida Medicaid Best Practice Psychotherapeutic Medication Guidelines for Children and Adolescents
