

Connecting Medicaid and Medicare patients with the support they need

Equitable care, better health

Everyone needs help once in a while. Your Medicare and Medicaid patients may be struggling with access to food, housing, transportation, financial stability and other social drivers of health (SDOH) needs that can affect their health.

If you discover that your patient has an SDOH need, we can help connect them to:

- Resources to assist with utility bills and housing resources
- Local community food resources
- Low-cost transportation options
- Resources to help with prescription drug costs

Your patients who are UnitedHealthcare Community Plan (Medicaid) and UnitedHealthcare® Medicare Advantage members can also view the resources available to them by going to:

UnitedHealthcare Community Plan (Medicaid)

- Log in to the UnitedHealthcare member portal at myuhc.com
 - If they don't have an account, they'll need to create one
- Once logged in, select Health & Wellness in the top navigation. Then, select Community Resources.

UnitedHealthcare® Medicare Advantage

- Log in to the UnitedHealthcare member portal at myuhc.com
 - If they don't have an account, they'll need to create one
- Once logged in, select "Health & Wellness" in the top navigation on the Health & Wellness page. Then, look for the "Community Resources" tile.

If members don't have access to a computer, they can call the number on the back of their member ID card.
